

Application procedure for Student Mobility
Academic year 2023/2024

General Information

Name of Institution	ENSTA Bretagne École Nationale Supérieure de Techniques Avancées
Erasmus Code	F BREST08 – OID 999864167
Address	2 rue François Verny 29 806 Brest Cedex 9
Project Manager Incoming Mobility Erasmus + Coordinator (incoming)	Zacharie Malicoutis zacharie.malicoutis@ensta-bretagne.fr
Website	www.ensta-bretagne.fr/en

Courses offered

The engineering program is open to exchange students under the Erasmus + program. This 3-year program is taught at ENSTA Bretagne after 2 years of scientific preparatory classes which are completed outside the school prior to the entrance exam. The engineering degree is therefore a Master's level degree. Exchange students can study 1, 2, 3 or 4 semesters at ENSTA Bretagne. A minimum of 3 semesters validated at ENSTA Bretagne is necessary to obtain the engineering degree. Exchanges of shorter duration will only grant the associated ECTS credits (30 ECTS credits per semester).

The first year (Semesters 1 & 2) is generalistic (maths, physics, programming, solid mechanics, fluid mechanics, etc.).

The specialization courses start in the 2nd year (semesters 3 & 4) and continue in the 3rd year (semester 5). The 6th and last semester is dedicated to the End-of-Study Project (internship in a company).

ENSTA Bretagne's engineering program offers 8 specializations in the fields of mechanical engineering and information sciences and technologies.

All students (including exchange students) must choose a specialization and follow the associated predefined course program. It is not possible to choose "à la carte" courses. Each of those predefined specialization programs is awarded 30 ECTS credits per semester.

Specializations offered : <https://www.ensta-bretagne.fr/en/wide-range-career-paths>

Mechanical Engineering:

- Vehicle Architecture
- Advanced Modelling of Materials and Structures
- Naval and Offshore Architecture
- Pyrotechnic Systems

Information Sciences and Technologies:

- Observation Systems and Artificial Intelligence
- Computing Systems Design
- Autonomous Robotics
- Hydrography & Oceanography

Admission process :

- 1) The sending university must nominate, students selected for an exchange at ENSTA Bretagne, before the nomination deadline, by filling in the nomination form online :
https://docs.google.com/forms/d/e/1FAIpQLSdKI_MjViBB_OIBTuxQlaxtQEOx5mfQxa1EqulrJZSFhfpxXg/viewform?usp=pp_url&entry.419484918=No
The nominations must indicate for each student: full names, email address, current program and speciality the student is involved in at the sending institution, duration of the exchange, semester(s) and specialization chosen at ENSTA Bretagne.
- 2) the students must submit a complete application file on our online admission platform before the application deadline: <https://formation.ensta-bretagne.fr/faces/Login.xhtml>
They must indicate their choice of specialization, fill in the fields of the application form and upload the requested documents.
Students applying for an exchange in the framework of the Erasmus+ or a Fitec program are exempted from paying the application fee (30 €) when submitting their application
- 3) Erasmus + student must also submit his/her OLA on the Erasmus+ online platform (if sending institution is connected) for electronic signature by both sending university and ENSTA Bretagne. This must comply with the program of the semester(s) chosen.
- 4) Students from outside the Schengen area must double register on Campus France's "Etudes en France" process in order to get the student visa if admitted in a French institution :
<https://www.campusfrance.org/fr/candidature-procedure-etudes-en-france>

Admission calendar

Admission for the spring semester 2024	Admission for the autumn semester 2024 or the full academic year 2024/2025
<ul style="list-style-type: none">- Nomination deadline (sending university): Monday 13 November 2023- Application deadline (applicant): Monday 20 November 2023- Decision of the admission jury: Monday 4 December 2023- Start of the academic semester: Monday 15 January 2024- End of academic semester: Friday 26 April 2024 (excluding any exams in session 2)	<ul style="list-style-type: none">- Nomination deadline (sending university): Monday 6 March 2024- Application deadline (applicant): Sunday 24 March 2024- Decision of the admission jury: at the latest on Monday 22 April 2024- Start of the academic year: Wednesday 15 August 2024

General requirements for admission

- Exchange students must have validated their Licence (3rd year/semester 6) at the sending institution to be admitted in semester 3 or full academic 2nd year at ENSTA Bretagne
- Exchange students must complete their 1st semester in Master 1 (semester 7) at the sending institution to be admitted in semester 4 (spring semester of 2nd year) at ENSTA Bretagne
- Exchange students must have validated their 1st year of Master (4th year/semester 8) at the sending institution to be admitted in semester 5 or full last academic year at ENSTA Bretagne

Language proficiency

Some of the courses are taught in English but most of the course units are conducted in French.

Exchange students are expected to have a minimum level of:

- B1 in English
- B1 in French

In some cases, exchange students make arrangements with lecturers in order to do examinations or submit assignments in English (or in another language, if both parts agree on it).

Non-French speaking students attend the Intensive Language Preparation Course at the beginning of the semester (exchanges in autumn semester or full academic year only).

Erasmus students are strongly advised to take the OLS preparation course available online (access is provided by the home institution).

Academic calendar

Courses	
<u>Autumn semester</u> The autumn semester starts between the 15 th and 25 th of August (depending on the degree programme) and ends the first week of January. Some courses/exams continue until mid-January.	<u>Spring semester</u> The spring semester starts the second week of January and ends in May. The exact dates differ between the degree programmes and are settled every year in May for the next academic year.
Holidays	
<u>Autumn semester</u> Toussaint (October) Christmas break (December)	<u>Spring semester</u> Winter break (February) Easter (April)
Examination period	
<u>Autumn semester</u> December/January	<u>Spring semester</u> May/June
Transcript of records	
<u>Autumn semester</u> Transcript of records are sent 4-5 weeks after the end of the exchange period or when all credits are available.	<u>Spring semester and full year</u> Transcript of records are sent 4-5 weeks after the end of the exchange period or when all credits are available.

Grading System

Grades are attributed to students who have passed, according to the following scale of success:

ECTS Grade	% of successful students*	Définitions	Local Grades**
A	20%	OUTSTANDING	18 ≤ n ≤ 20
B	30%	VERY GOOD : Above average standards, with minor errors	16 ≤ n ≤ 18
C	30%	GOOD : Generally sound work, with some errors	14 ≤ n ≤ 16
D	15%	SATISFACTORY : Fair, but with significant shortcomings	12 ≤ n ≤ 14
E	5%	SUFFICIENT : Performance meets minimum criteria	10 ≤ n ≤ 12
Fx	-	FAIL (Temporary) : Extra work required before credit can be awarded	Below 10
F	-	FAIL : Considerable further work is required, involves re-attendance of classes	Below 10

*% of successful students normally achieving the grade

**Local Grades are awarded on a 0-20 scale

Practical Information for Incoming students

Housing and catering information

Exchange students are offered two possibilities:

- 1) Rent a room at the student's residence (RDE)
 - 270 €/month for a furnished room with shared bathroom.
 - 330 €/month for a furnished room and bathroom.

To book a room, use the online accommodation platform available here:

<https://www.ensta-bretagne.fr/en/housing-student-residence>

We do not have shared kitchen in our student's residence. However, the dining hall, located near the student residence, operates on a self-service basis for breakfast, lunch and dinner.

More info: <https://www.ensta-bretagne.fr/en/dining>

- 2) Rent a room or an apartment on their own

Welcoming at arrival in Brest for Erasmus students

All exchange students are welcomed at their arrival in Brest airport or railway station and on the campus. Welcoming, integration and administrative support will be managed by ENSTA Bretagne's welcoming cell (AcOr) and the Students Union (buddy system for social integration and practical informations).

Our survival guide for incoming students is available here: <https://www.ensta-bretagne.fr/en/pdf-survival-guidehttps://www.ensta-bretagne.fr/en/survival-guide-2022-eng>
